

Cryovac® TBG bags give you improved protection where you need it.

Cryovac® TBG technology allows you to offer retailers a high-abuse bag with excellent oxygen barrier properties and outstanding retail merchandisability for almost any bone-in cut. Cryovac® TBG bags specifically locate patch protection only where it's needed, assuring optimum protection with minimum material and allowing the consumer to see more of the product instead of the packaging. Patches are offered in clear and opaque: clear for products merchandised in the bag and opaque for those opened in the back room.

TBG Bag Options

Seal-Through Patch

- Recommended for difficult products needing extra coverage at the factory seal
- Excellent for bone-in pork loins, brisket-on spareribs and beef short ribs

Wide Patch

- Perfect for multi-bone products
- Ideal for beef back ribs, short ribs, multi-pack back ribs and spare ribs
- Also recommended for center-cut loins

Max Patch

- Optimized for case-ready products
- Excellent for single ribs

Wrap-Around Patch

- Ideal for case-ready products
- Excellent for St. Louis style spareribs and bone-in loin roasts

Rotated Patch

- Economical solution for products with bones on opposite sides
- Ideal for case-ready picnics, beef short ribs and shanks

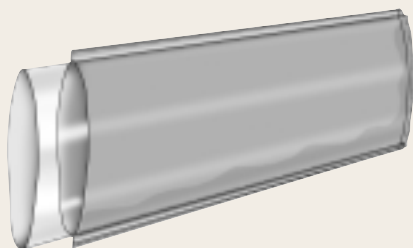

Small Patch

- Ideal for smoked half hams
- Butts and shanks

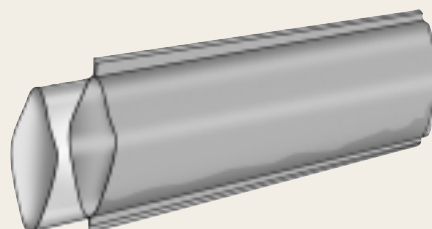

TBG Bag Options - Shaded areas represent patch coverage for each Cryovac® TBG bag option.

Seal-Through Patch

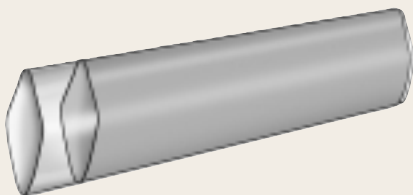

- The ultimate in boneguard protection
- Patch protection across both sides of bag
 - Patch overlaps on sides of bag
- Factory seal made through patch material on the bottom of bag

Wide Patch

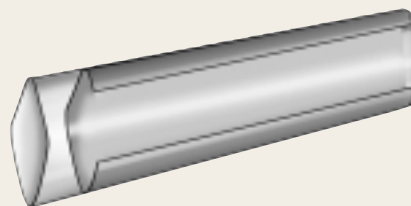

- Patch protection across entire width of bag; both sides
 - Patch overlaps on sides of bag

Max Patch

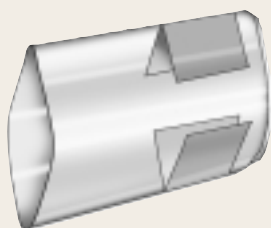

- Edge to edge boneguard protection on both sides of bag
 - Patch does not overlap on sides
 - Printable

Wrap-Around Patch

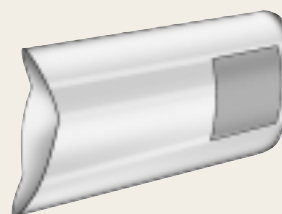

- Patch protects back and wraps around sides of bag
- Improved appearance and shrink due to edge without seams
 - Printable

Rotated Patch

- Patch protects both edges of bag
 - Printable

Small Patch

- Patch protects small area on one side of bag
 - Curved end seal for contour fit
 - Printable
